

PAY AND ALLOWANCES OF OFFICERS ON DUTY AT WASHINGTON SINCE MARCH 4, 1869.

---

JUNE 10, 1876.—Referred to the Committee on Military Affairs and ordered to be printed.

---

WAR DEPARTMENT, *June 8, 1876.*

The chief clerk of the War Department, in the absence of the Secretary of War, has the honor to transmit to the House of Representatives, in compliance with the resolution of the House dated January 24, 1876, statement of all pay and allowances of every kind and nature whatever made to the officers of the Army stationed or on duty in the city of Washington since the 4th of March, 1869.

H. T. CROSBY,

*Chief Clerk, for and in the absence of the Secretary of War.*

Copy of indorsements on House of Representatives resolution offered by the Hon. H. B. Banning, on the 24th day of January, 1876, calling upon the Secretary of War for statement of all pay and allowances of every kind and nature made to officers of the Army, on duty in Washington, since March 4, 1869, giving name and rank of such officers, duties performed by them, &c.

WAR DEPARTMENT,  
ADJUTANT-GENERAL'S OFFICE,  
*Washington, D. C., February 29, 1876.*

Respectfully referred to the Paymaster-General, United States Army, who will please add to the accompanying statement the information herein called for pertaining to his Department, and return the same to this Office as soon as practicable.

E. D. TOWNSEND,  
*Adjutant-General.*

PAYMASTER GENERAL'S OFFICE,  
*April 8, 1876.*

Respectfully returned to the Adjutant-General of the Army.

To his list of names, &c., (7 sheets,) received herewith, have been added the notes and figures covering information which the resolution of the House of Representatives is understood to call for.

The first column of figures exhibits the aggregate of officers' pay proper and subsistence, and the servants' pay, clothing and subsistence received in each case for time prior to July 1, 1870, when the salary system went into operation. To have given the figures of each separate allowance would have required reference to each, of perhaps thirty thousand vouchers, for which months of time would be necessary. Hence the aggregate alone is stated, and the lists accompanied with a

copy of the pay-table for 1869, which indicates the rate of the pay proper, and allowances which make up this aggregate, and the laws, &c., authorizing the same. The second column exhibits the amount received in each case, since June 30, 1870, under the salary basis.

The figures in the third column are the sums of those in the first and second columns, and show the total received in each case for the entire period of service or duty in Washington, as stated in the lists, between March 4, 1869, and January 24, 1876. The fourth and last column exhibits the annual *rate* of pay in each case, and is ascertained by dividing the totals in the third column by the time as given in the lists, and reducing the results to yearly rates. These are, of course, average annual rates for the time stated, which covers in different cases periods of days only or months, or years, and fractions of a year.

The seven sheets are footed separately, and the footings carried to a recapitulation given at the bottom of the last sheet.

Upon this recapitulation I submit the following remarks:

1st. The footing of the "average annual rates," \$755,812.65, must not be misunderstood to exhibit the average amount paid to officers on duty in Washington during any one of the several years embraced in the resolution. It is, on the contrary, the aggregate of the average annual rates of pay of all officers who have served in Washington between March 4, 1869, and January 24, 1876, a period of nearly seven years; the term of such service varying from four days to the entire period stated.

2d. The average amount paid for time served in Washington during any one year of the period in question is \$226,366.80, the result of dividing the total (third column) payments for the whole time by the number of years embraced therein.

3d. If any particular year be taken—1873, for example—the amount actually paid for service in Washington is found to be \$227,728.83. If from this there be separated sums paid for services of a character not connected with the Army, there remains, as paid for duty in behalf of the military establishment, the sum of \$160,632.95.

BENJ. ALVORD,  
*Paymaster-General, U. S. A.*

ADJUTANT-GENERAL'S OFFICE,  
*Washington, April 11, 1876.*

Respectfully referred to the Quartermaster-General, with request that he will cause to be added to the list herewith transmitted so much of the information herein requested as relates to allowances for quarters, fuel, and forage, and return the same to this Office at the earliest date practicable.

E. D. TOWNSEND,  
*Adjutant-General.*

WAR DEPARTMENT,  
QUARTERMASTER-GENERAL'S OFFICE,  
*Washington, D. C., May 31, 1876.*

Respectfully returned to the Adjutant-General United States Army, with so much of the information herein required as relates to allowances for fuel, quarters, and forage added.

This report gives the total amount received for quarters, fuel, and forage by officers for the actual time they were on duty in Washington. It will be seen by the accompanying rolls, that the greater number of these officers were not stationed or on duty in this city for the entire period from March 4, 1869, to January 24, 1876, but were serving in

various parts of the country; consequently, to give the "annual pay and allowances of rent, fuel, quarters, and forage in value received by each" for the specified time, would necessitate the examination of the returns of officers of this Department stationed where the different officers might be on duty; and as the issuing and disbursing officers are not always the same, in many instances the money-accounts of the disbursing officer would have to be examined to find the money-value of the fuel and forage, after the amount is issued, had been found.

Furthermore, officers of this Department have been frequently changed in their stations during the time. In such cases, several officers' accounts and returns would have to be examined, to give the value of the allowances to one officer. From the foregoing, it will be seen that all of the requirements of the within letter could not possibly be complied with in any reasonable time.

M. C. MEIGS,

*Quartermaster-General, Brevet Major-General U. S. A.*

WAR DEPARTMENT,  
ADJUTANT-GENERAL'S OFFICE,  
*Washington, June 6, 1876.*

Respectfully returned to the Secretary of War, inviting attention to the statement herewith transmitted, embracing the information called for by resolution of the House of Representatives dated January 24, 1876.

E. D. TOWNSEND,  
*Adjutant-General.*
